# 3d Investment Regulation

## The integrated and comprehensive solution

---

**3d Investment Regulation** is a single website solution which allows you to access many different regulations and associated documents by means of one seamless product

Investment regulations can be complex, detailed and often lengthy. To complicate matters, no single body provides all the regulatory information you are likely to need, not even the FSA. Where do you go to find the information you need? Which body regulates on the subject you are looking for and, if you find it, can you be sure they are the only one or have you missed something important?

To get around this, 3d have put together **a single website** which takes all the information you are likely to need from numerous different sources and places it into one easy-to-use focussed product. Let us know if you think something should be included in the service if it's not already there. A major benefit is that **we convert pdf files to text/graphics** to ensure the highest level of accessible, consolidated information, with text of all changes retained.

With its **59,500+ pages**, 3d Investment Regulation is an integrated and comprehensive package. Behind the scenes is a complex product but **the user is not overwhelmed** because information not currently required is tucked away until such time as you need it. The product is designed with an overriding concern for the delivery of accurate and consistent content in a standardised way, providing a simple and intuitive to use, yet well-structured, knowledge database that allows users to **access information quickly**.

It is intended to be used 'online' via an internet connection. However, we can make an 'offline' version of 3d Investment Regulation available for those who want access to the data when an internet connection is not available (eg whilst visiting a client).

All the regulations and guidance notes are **easily accessible** (both current and historic - we do not remove data that is out of date) and work together as a **complete, efficient whole** through the use of hyperlinks. These hyperlinks are cross-referenced across documents, even where the documents are issued by different bodies.

No longer will you need to pick up bits of information here and there - interdependent rules can be viewed together without the need to visit various websites.

**All amendments are consolidated**, with the text of any previous version retained in its entirety; so not only do you know the current position, but you also know what it was prior to the amendment.

3d Investment Regulation is updated daily so minimal user effort is involved to keep up with regulatory changes. In addition, we produce a **simple weekly email** which shows the **Additions** over the past week, **Events and Deadlines** coming up and links to the **most popular pages** viewed on 3d.

Talk to us about how to **integrate 3d** with **Compliance Manuals** and **Operational Procedures Manuals**, thereby ensuring these are consistent, relevant and current. Rules and regulations are available to everyone in your organisation, promoting greater compliance awareness.

If you work within UK investment operations, including administering OEICs, Unit Trusts, ISAs, Credit Unions and Child Trust Funds, **3d Investment Regulation is an invaluable tool**.

**A demonstration** can easily be arranged - just contact Robert Easterbrook  
*Alternatively*, register your interest (without obligation) at  
[www.ukregulation.co.uk/home/register](http://www.ukregulation.co.uk/home/register)

## 3d Investment Regulation

The integrated and comprehensive solution

---

# 3d Investment Regulation

## The integrated and comprehensive solution

---

3d Investment Regulation is a very easy to use, web-based system for navigating UK investment regulations

### Register

To register for access to 3d, please go to [www.ukregulation.co.uk/home/register](http://www.ukregulation.co.uk/home/register)  
You will then receive an email confirming registration,  
providing a current subscription is available to you or your organisation

### Login

To log in, please go to [www.ukregulation.co.uk/home/login/](http://www.ukregulation.co.uk/home/login/)  
Your login details are your email address and your chosen password  
For future access, 3d suggest you bookmark the following page in your internet browser:  
[www.ukregulation.co.uk/contents/latestadditions](http://www.ukregulation.co.uk/contents/latestadditions)  
Providing cookies are enabled in your browser, you should not need to enter your login details each time you  
access 3d Investment Regulation after the first time, unless you login from an alternative computer  
Please advise us if your contact email address or phone changes so that we can update our records

### 3dWeekly

3dWeekly is a popular email service which shows you the additions to 3d Investment Regulation over the  
past week, Events and Deadlines coming up and links to the top 25 pages viewed in the past 7 days.  
It is addressed solely to those who have opted-in to such information from 3d.  
If you wish to receive these emails please ensure you have ticked the 'Tick box to receive' checkbox on  
your account details page on the 3d website at [www.ukregulation.co.uk/home/register](http://www.ukregulation.co.uk/home/register)

### Hyperlinks

3d Investment Regulation web pages contain many hyperlinks - click to move to other pages  
Move the mouse pointer over the link until it changes to a pointing finger and click the link once

### Home

Clicking this link will take you back to the front page of 3d Investment Regulation

### About us

Provides more detail about 3d and the contents of our single website solution

### Contact us

Shows how to get in touch with 3d Investments Limited

### FAQs

In this area we give you answers to some Frequently Asked Questions

### Latest additions

Shows the latest significant additions to 3d Investment Regulation  
(the service is constantly being updated 'behind the scenes')  
If you find something is incorrect or out of date, please advise us immediately so we can correct the item

### Events

Lists relevant events - please advise 3d should you wish to see particular items listed here

### Deadlines

Displays important dates coming up in the future

### Forum

A forum where you can exchange information with other 3d users

### Full contents

[www.ukregulation.co.uk/contents/](http://www.ukregulation.co.uk/contents/) displays the contents page of 3d Investment Regulation  
Select the area of interest by 'drilling down', ie following the menu 'drop-down' items  
Menu titles with blue arrows  indicate subsections are available  
Menu titles without blue arrows are direct links to relevant pages  
You may be able to use a **right click** on your mouse to open items in a **new window**

# 3d Investment Regulation

## The integrated and comprehensive solution

### Searching

The best way to find something in particular? Try one of **four routes**:

#### Index

Perhaps the first place to visit as this is where 3d have linked key words and key phrases to specific items  
Type the first few letters of the key word or key phrase you are looking for  
Select and display the item you want by clicking on [View topics](#)  
Then click on one of the bulleted items displayed under the heading **Index**  
Please let us know if you would like to see any particular key words or key phrases added to our list

#### Search

If the Index doesn't get you to what you need, please use the search function at the top right of the screen  
Enter the word or phrase that you wish to find (lowercase or UPPERCASE makes no difference)  
To look for a particular rule, eg: COLL 3.2.6, just enter 3.2.6 and click GO  
Clicking GO searches all pages on our site, looking for an exact match with the phrase/word entered  
A maximum of 50 results per page are returned immediately  
- you can increase the number of results shown to 100, 200, 400 or 600 per page  
The results are sorted alphabetically initially and there is an option to sort by date, based on what we call the 'reference date' of an item  
Clicking on a result will take you straight to the found item, highlighted in yellow  
When you click the mouse on a link the item will open in a new browser window' - this avoids having to redo the search each time you navigate away from the results page

#### Advanced Search

The Advanced Search facility enables you to narrow your search to one section and by date  
For example, you can look for MiFID within FSA Handbook of Rules and Guidance within BIPRU Prudential sourcebook for Banks, Building Societies and Investment Firms, by entering the following:

Search for   
Match type   
Categories   
  
  
After   
Before   
Show ALL  Include ALL (eg Original Text) pages

Please do not hesitate to contact us should you have any difficulty getting to the right place

#### Google Search

On enter [site:ukregulation.co.uk](http://site:ukregulation.co.uk) followed by the search term you are looking for.  
For example: [site:ukregulation.co.uk](http://site:ukregulation.co.uk) 3d

#### Watched Pages

Want to know when a particular page on 3d is updated?  
To be notified by email of significant changes, please click on the **W** icon at the top right of the 3d screen (just below the Search area) or click the [Watch this page](#) link at the bottom of the relevant page. You can see a list of your watched pages at [www.ukregulation.co.uk/contents/watchedtopics](http://www.ukregulation.co.uk/contents/watchedtopics)

# 3d Investment Regulation

## The integrated and comprehensive solution

---

### Printing

Several options are available:

#### To print an individual page

Click ; go to **File** and **Print** or press **Ctrl +P** and then press **Print**

#### To print selected text

Highlight the appropriate text

Click the **Printer** icon (or go to **File** and **Print**) (or press **Ctrl +P**), click on the **Selection** button and then press **Print**

These arrows allow you to move sequentially **backwards** and **forwards** through the pages of a document

### Your History

By default, displays a list of pages you have viewed in the past 7 days;

the number of days' history you want to show can be changed to *Today, 30 days, 90 days, 365 days*

### Bookmarks

all pages viewed may be added to your 'Favourites' at any time either by

clicking  or by going to Favourites and clicking on 'Add to Favourites'

### Copy and Paste

**Highlight text** to be copied, **right-click mouse**, choose **Copy** and then **Paste** into your document.

### Internet Addresses

Click on these (for example [www.ukregulation.co.uk](http://www.ukregulation.co.uk)) and,

provided you remain connected to the Internet,

you will immediately be taken to the **relevant web page** in a new window.

### E-mail Addresses

Click on these (for example [3d@ukregulation.co.uk](mailto:3d@ukregulation.co.uk)) and

a **new e-mail message** to the relevant recipient will be created for you to complete.

### Error

We normally receive an error message if a broken or incorrect hyperlink has been clicked but, if you get an error message, please advise us immediately so that we can correct the error.

### Offline version

3d Investment Regulation is intended to be utilised 'online' via an internet connection, but we appreciate that some users will want to use the system when an internet connection is not available. 3d can therefore make available an 'offline' version of the website. Please contact us for further details.

## USEFUL BROWSER TOOLS

### Back

To return to the last page viewed in your browser, click the **Back**  button

It will take you back sequentially through the screens you have just viewed, one screen at a time

### Recent pages

To view one of the pages you have visited in this session, click the arrow next to the **Forward** button and then select the page you want from the list

### Forward

To return to the page you were on before you clicked the **Back** button, click the **Forward**  button
